THE OLD HOUSE FAR AWAY.

The wild birds warble, the silver rills  
Sing cheerily round the spot;  
And the peaceful shades of the purple hills,  
Fall dimly on my mother's cot;  
Its windows are low, and its thatch is low,  
And its ancient walls are gray.  
O, I see it! I love it! wherever I go!  
The old house far away.

The little clock ticks on the parlor wall,  
Recording the passing hours;  
With the sunset resting upon her brow,  
And the pet geranium grows rank and tall,  
With its brilliant scarlet flowers;  
And the old straw chair, so cozy and low,  
Where mother sat knitting all day;  
O, I see it! I love it! wherever I go!  
The old house far away.

Dear mother! how plainly I see her now,  
Reclining in that old arm-chair,  
With the sunset resting upon her brow,  
That was once so smooth and fair;  
With her crimped border, white as snow,  
And her once dark hair now gray,  
O, I see it! I love it! wherever I go!  
In that old house far away!

Not all the treasures the world affords,  
The riches of land or sea,  
Nor all the wealth of earth's proud lords,  
Can blot from my memory  
The roof that sheltered dear, dear head,  
And the humble floor of clay,  
Where the feet I loved were wont to tread,  
In the old house far away.

APPEAL TO THE LONDON PUNCH,  
ON "ABRAHAM LINCOLN, FOULY  
ASSASSINATED, APRIL 14, 1865."

Hine illa lachryma;  
Alas, the Lion weeps! ah, sheds a tear;  
Ye gods! who ever heard of such a thing?  
Forgotten his exchequer, beef and beer,  
To sigh obituary thundering!

"You lay a wreath on murdered Lincoln's bier,"  
Ah you, who wrought so hard to Press him  
down,  
And wrung from him the bitter spalding tear,  
With your cynical English, Punching town!

His garb was unobscure; his bearing, ease,  
His honest sturdy-form and silver hair,  
Had the power and will to shine and please,  
Nor lack of all we prize as debonaire.  
He was a Cromwell 'mid punling kings;  
The very man of all the Nations round,  
To break with one stroke the iron rings,  
And loose the slavish man wherever found.

Ah! your end of the world has freedom's joys!  
Yes, your side of the globe is smiling free!  
You never give your people Queenly toys,  
Nor enchain if they but ask for liberty!

How very kind of you, to print that tear  
On Cotton—style product of the South,—  
And sweet Liberty weeping o'er his bier;  
You turned from a sere to a sudden drouth.  
This complacent sneer of your learned self,  
Was turning point of wonder and surprise;  
We're rising fast, in power and pelf,  
And it wouldn't do to d-n our fearful eyes.

"Our cause is humane, and our course is just,"  
You knew this before that shot, well as now.  
We have no pride, or foul ambition's lust,  
Nor yet, hereditary sinful vow."

"The old world and the new, from sea to sea,  
Utter one voice of sympathy and shame."  
So soon, after you've set their cruelties free,<  
To bring about this deed so hard of name.

The felon hand, pistol, powder and ball,  
Which made us weep over a fallen dead,  
Was English blood and English making all,  
And England mourns because that life has fled!  
Your compassion keep, it's much like your gold,  
For honest stout hearted men very well know,  
Your sympathy is ever bought and sold,  
And your changing is but put out for O ME.

\*Is the Blue Book of England, recorded in the time of George IV. is "Forget not the suffering of the American Coloured."

THE WHITE HOUSE FAMILY.—President Johnson's daughter, Mrs. Stover, who is to preside over the affairs at the White House, in consequence of the ill health and advanced years of Mrs. Johnson, is a widow. This lady's late husband, Col. Stover, of the 4th Tennessee volunteers, was killed on the 18th of December last, while gallantly leading his regiment at the battle of Nashville. Andrew Johnson's son, Dr. Charles Johnson, was a surgeon in the volunteer service. He was suddenly killed in 1863, by being thrown from his horse. The President now has four children living, namely, Robert, Mrs. Patterson, Mrs. Stover, the lady above mentioned, and Andrew Johnson, junior, the latter a bright youth, of nearly the same age as the youngest boy of our late lamented President, Abraham Lincoln.

"LIKEY HANDSOME, OR LIKEY LIKEY."—If you present yourself as a subject to a Chinese portrait painter, you are asked the preliminary question: "How you likey? You likey handsome, or you likey likey?" You naturally reply that you wish the portrait to be like you; but woe betide you if, after that announcement, you object to the picture on the score of ugliness. It is related that a sister once venturing to do so, the artist turned round to the collected audience, and with upraised hands exclaimed: "Suppose you no have handsome, how can do?"

THE SOVEREIGN CURE.—A noisy confederate Democrat was howling a few days since at Bruceport, Oregon, over the death of Lincoln, when he felt something pass over his neck and was suddenly jerked up to an elevation that would have required him to be let out three feet or more to enable him to touch the ground. After a judicious interval he was lowered, but repeating the offence, was strung up again—when he went off as meek as a lamb.

STATEMENT OF THE TREASURER.—The Secretary of the Treasury publishes a statement of the public debt as it existed May 3d. The total indebtedness is \$3,635,205,750 50, the interest on which in gold and silver is \$124,638,874. The amount of Treasury notes in circulation is \$659,160,569; fractional currency, \$24,657,060 and a fraction.

THE ARMY WORM IN OREGON.—The Sentinel says a singular worm, resembling a caterpillar, is making a terrible havoc on the leaves of the ash timber in Southern Oregon. In some parts of the Umpqua Valley they have attacked the leaves of the apple trees. These worms travel on the ground from one ash tree to another, stripping every vestige of leaves as they go.

SURRODS & Brother, bag makers, have failed for \$60,000. It is said that the principal member of the firm has skidded!

A CURIOUS FEATURE OF NEW YORK "BO-CITY."

The New York Leader furnishes the following respecting the beggars who sit around the streets holding babies in their laps to excite the pity and charity of passers by:

"The children are kept by unworthy women and hired out at so many cents a day. Some of them are drugged, so as to lie still and pale on a beggar's lap. Some are tortured by pins artfully disposed so as to constantly irritate them and make them wail. Some are tied and bandaged with excruciating tightness, so as to cause them to gasp for breath. All of these cruel devices attract the attention and contributions of the charitable. Honest poverty does not sit on stoops and beg in the streets. Real mothers do not hold these babies in the face of the public all day long; whether in rain or snow or the sunbaths of summer."

Women worthy of relief do not drug and torture their own infants, or anybody's else. It is evident then that those who contribute to these beggars with babies not only throw their money away, but they actually foster vice and encourage criminals. We advise our readers therefore, to refrain from bestowing alms upon such imposters, and we call upon the police to arrest all such beggars.

The Express affirms the facts stated, and strongly advocates the establishment of a foundling hospital.

A SINGULAR TRADITION.—Among the Seminole Indians there is a singular tradition regarding the white man's origin and superiority. They say that when the Great Spirit made the earth he also made three men, all of which were fair complexioned; after making which, he led them to the margin of a small lake and bade them leap in and wash. One of them obeyed, and came out of the water purer and fairer than before; the second hesitated a moment, during which time the water became muddied and when he bathed he came out copper-colored; the third did not leap into the water but black with mud, and he came out with his own color. Then the Great Spirit laid before them three packages, and out of pity for his misfortune in color, he gave the black man the first choice. He took hold of each of the packages, and having felt the weight, chose the heaviest. The copper-colored man then chose the next heaviest, leaving the white man the lightest. When the packages were opened, the first was found to contain spades, hoes and all the implements of labor; the second unwrapped hunting, fishing and warlike apparatus; the third gave the white man pens, ink and paper, the engines of the mind—the means of mutual mental improvement, the social link of humanity, the foundation of the white man's superiority.

ROLLERS OF THE ELECTION.—Quite a number of ludicrous occurrences took place at the election here on Thursday. One man was asked for whom he voted at the November election. "Douglas and Johnson," was the reply. "There was no such ticket in nomination," responded the Judge of election. "Well, I voted for a bystander he inquired who had been the Presidential candidates. "Lincoln and Johnson," replied the man interrogated. "Well, that's the ticket I voted." He put in his vote and left. In the evening one Hibernian was lecturing another for having voted the "Short Hair" ticket. "McClellan was a 'Short Hair,'" returned the party who was being taken to task.

"How do you know it?" inquired his monitor. "And, sure, didn't he come out short in the election?" That satisfied the other gentleman, and they took a drink over the result. [Grass Valley Union.]

BE A GENTLEMAN.—Moderation, decorum, and neatness distinguish the gentleman; he is at all times affable, diffident and studious to please. Intelligent and polite, his behavior is pleasant and graceful. When he enters the dwelling of an inferior he endeavors to hide if possible, the difference between their ranks in life; ever willing to assist those around him, he is neither unkind, haughty, or overbearing. In the mansions of the rich, the correctness of his mind induces him to bend to etiquette, but not to stoop to adulation; correct principles caution him to avoid the gambling-table, the lottery, or any other foible that could occasion him self reproach. Pleased with the pleasures of reflection, he rejoices to see the glories of society, and is fastidious upon no point of little import. Appear only to be a gentleman and its shadow will bring upon you contempt: be a gentleman, and its honors will remain even after you are dead.

EMPHATIC.—The Eureka Typographical Union of San Francisco, a short time since, passed resolutions on the death of President Lincoln. One of them is thus emphatically expressed:

Resolved, That in the deep damnation of his taking off we see a crime second only in magnitude to that before which the sun hid his face, and the veil of the Temple was rent in twain; a crime which is the legitimate result of the teachings of slavery's chivalry, and their gigantic treason and rebellion; and inasmuch as these heaven accursed traitors have slain their best friend, and the only man who then had the power to change justice to mercy, let mercy be buried with him, and let the full vengeance of outraged justice and humanity be meted to these traitors and assassins.

THE REBEL JUDGE TERRY.—A correspondent of the New York Herald, after referring to Frank Terry, a brother of the Judge, who fell at the battle of Mumfordsville, (Ky.) says the murderer of Broderick returned to Texas, where he was lately in command of a regiment of "boys." He has by this time surrendered, fled or got killed.

In Sheldon, Vermont, April 16th, the pastor naturally preached on the death of President Lincoln, and an aged Copperhead, after listening as long as he could to the scathing denunciation of traitors and assassins, got up and left the church. Just as he got to the door the minister called to him, "Don't stop, brother, this side of Canada."

As Eastern paper states that the "glass wedding" absurdity has come along. It is celebrated on the fifteenth anniversary of marriage, and glassware is presented by admiring friends.

SATURDAY, JULY 1, 1865.

## UNION CONVENTION.

THE Members of the Union Party are requested to select Delegates to represent them in a County Convention of the Union Party, to be held at the Court House in the town of Quincy, on THURSDAY, the 13th Day of July, A. D. 1865, at 10 o'clock, A. M., for the purpose of nominating County Officers, selecting delegates to attend a Joint Convention with delegates from Lassen County to nominate a Member of Assembly, and to select Delegates to attend the State Convention. Also to take action on such other business as may properly come before it.

The several precincts of the County are entitled to representation as follows:

Taylorville	1	Johnson City	2
Crescent Mills	1	Beckworth's	2
Meadow Valley	1	Beck's Ranch	2
Light's Canon	1	Franklin Hill	2
Green Valley	1	Big Meadows	2
Round Valley	1	Soda Bar	2
Quincy	1	12 Mile Bar	2
Salmon Falls	1	Rush Creek	2
Sawpit Flat	1	Rich Bar	2
Grass Valley	1	Mosquito Creek	2
Peopler's Creek	1	Marion Flat	2
Hopkins' Mill	1	Humboldt Valley	2

The Committee recommend that no one who was a legal voter at the last election, be permitted to vote at the primaries, or allowed a seat in the Convention, who did not vote for Lincoln and Johnson.

It is also recommended that no Delegate be elected unless he be a legal resident of the precinct where he is chosen, and that no proxies be given by Delegates to any elect citizens of the precinct which they are elected to represent.

Primaries to be held on Saturday, July 8th.

By order of the Union County Central Committee of Plumas County.

S. J. CLARK, Sec'y. Ch'm. pro tem.

FEDERAL APPOINTMENTS.—The telephone announces the fact that Hon. T. B. Shannon has been appointed and will soon enter upon the discharge of the duties of the office of Surveyor of the Port at San Francisco, vice Dr. McLean. This good fortune will be heard with pleasure by his numerous friends in this vicinity. May his soul still "go marching on."

To "W. A. E."—Your communication, under date of June 11th, was directed to the Editor, and as he was absent at the time, the letter was not opened until a few days since, and as a matter of course, a large proportion of the news items, &c., are too old for publication. The letter would have been published in full, when received, if it had been directed to the "Union Office." All letters for publication, &c., should be addressed as above.

"WATCHER."—We do not doubt but that you are nearly, if not wholly right in your surmises. A short time will be sufficient to prove or disprove the same. As your letter is of such a personal character, and as you stated that you were willing we should use our own judgment in regard to its publication, we shall decline publishing it at present. There is plenty of time, "watcher."

NEEDS SURVEYOR.—The Appeal defines its position on the question of suffrage in the following language:

"We individually are in favor of all men, excepting Chinamen and Diggers, exercising the right of suffrage—but we do not think a majority of the Union party favor such a change. If a majority do think that an intelligent negro is now worthy of the right of suffrage, they also believe that it is not policy at this time to press it. In other words, 'Policy before principle.'"

WILL R. A. PRYOR SAYS.—A correspondent of the Cincinnati Gazette describes an interview with Roger A. Pryor at General Logan's headquarters in North Carolina. In the course of conversation Pryor said:

"We have been fairly whipped, and I think that such men as Lee's and Johnson's armies do not lay down their arms and return at once to their duties as law-abiding citizens should be treated as outlaws. For myself, if you will only leave me two old mules to work a few acres of land with, in part pay for those that Sheridan's men took from me, I will go back to the plow and my duty as a loyal citizen."

BOLTING IN NEVADA COUNTY.—A correspondent of the Sacramento Union in Nevada forwards the following, which, he says, has been circulated by the Low-Connors bolters in that county:

PEOPLE'S UNION COUNTY CONVENTION.—The undersigned, believing that the true object of political parties ought to be to carry out the interests of the people, instead of to promote the private ends of individuals; and that when politicians, by fraud and trickery secure the nomination of incompetent persons to office to serve themselves instead of the public, it is the right and duty of the people to choose for themselves; therefore earnestly call upon all citizens of Nevada county who voted for Lincoln and Johnson, who support the present National Administration, and who are in favor of the following principles, to wit: 1st. Honest, competent and faithful county officers; 2d. Capable and unpledged legislators; 3d. The enforcement of the Monroe doctrine; 4th. Opposition to the taxation or sale of the mineral lands; 5th. The adoption of the amendment to the Constitution to the effect that no negro suffrage be granted; 6th. Opposition to negro suffrage in California, to assemble at Nevada City, on Saturday, July 1, 1865, in Convention, and nominate a People's Union ticket.

## A FEW WORDS OF WARNING.

We call the attention of those gentlemen who may be selected as delegates to our County Convention, to be held on the 13th inst., to a letter from Plaindealer, published in this issue. His ideas are, in the main, correct; and at this time, of all others, the warning given by him should be heeded; for our success this Fall depends upon unity. If the Convention should nominate good men, they will no doubt be elected triumphantly; but if any secret working is done to stock the Convention and foist upon the people a poor ticket, it will not be generally supported by them. We know whereof we speak,—that if the Convention shall, by the chicanery of a few men, be stocked, and the will of the people thwarted, it will be almost a miracle if the ticket nominated by it is elected.

We have been out of the county for a month, and find, on our return, that the seeds of discord have been sown in places. This is wrong; it has all grown out of the personal rivalry of two or three men in the Union party of this State, whom the people have permitted to occupy the position of leaders, and the result appears to be the utter discomfiture of the Union party. Such men don't know enough to lead an intelligent party.

We desire to speak plainly,—it is our duty so to do. The action of the party in the counties of Shasta and Nevada, present the issues in a form that we cannot, if we would, dodge it. In one, the wing known as the "Short Hairs," carried the County Convention, and the "long-haired chaps" bolted, and called an antagonistic Convention. In the other, the men "with elongated capillaries," triumphed, and then the "boys," or short hairs, bolted; and in this latter case, the bolting is said to be sanctioned by Governor Low,—at least it is so publicly urged by the Nevada Transcript, the organ of A. A. Sargent. If this be true, (but we do not believe it), it is incumbent on Governor Low to place on record, his denial to the charge at once, that his friends may know how they stand as to his chances for the Senatorial toga. On the contrary, if the Long Hairs in Shasta are acting under the advice of Aaron A. Sargent, we ought to know that also; for it is the duty of the great Union party to teach both these gentlemen that they are not the owners of the party, nor can they swap and trade us off like cattle. If they choose to remain in the ranks of the Union party, and either one of them should be chosen Senator, they will receive the support of all honest Union men; but if they, or either of them, fly off at a tangent, for spite or jealousy, and thus weaken the party, they can blame nobody but themselves, if their friends throughout the State should tell them, "We cannot trust you."

The integrity of the Union party is of too much value to be put in jeopardy by the vagaries or spleen of any man or clique,—and this people will tell them in language plain enough for them to understand. We know that several papers of Union proclivities, in this State, have for a long time past been indulging in covert sneers at prominent men in the ranks, whose names have been mentioned for the succession to drunken McDougal. This, of itself, was not good policy, for it begot feelings of bitterness on the part of the abused and his friends, which found vent in a similar manner. This has gone on until it has led to an open rupture in two important counties, and unless it is checked by some means, will produce a complete schism in the ranks throughout the whole State, and we shall thus rim the shell, and leave the Copperheads the oyster.

But aside from all questions of policy, and the spoils of office, there is the great underlying principle of perfect nationality, which is too weak in our opponents, to admit of any discord in our ranks. Better to throw to the winds all the aspirations of the Lows, and Sargents, and Phelps, and Pixleys of the land, for Senatorial honors, than to see the Union Temple overthrown by the madness of its friends. Better for each of them to retire forever from politics, than that their names should stand in the way of perfect harmony. If they will not do it, and insist on dividing, rather than conciliating, they will find the people ready to throw them all overboard with a hearty y-ho-heave, and that, too, without much ceremony.

We shall take occasion, perhaps, next week, to advert to some facts concerning county matters, politically.

CANDIDATES.—The following names have been reported to us as being candidates for the several county offices, at the hands of the Union Convention, to be held at this place on the 13th inst.:

ASSEMBLY.—C. E. Smith, J. B. Overton, M. D. Smith, M. D. Howell, James A. Blood, F. F. Emmons, of Plumas. Gov. Roop, E. G. Bangham, Frank Drake, Mr. Shannon and ———— Emmons, of Lassen.

COUNTY JUDGE.—A. P. Moore, A. J. Gifford, L. C. Charles and L. G. Traugh.

COUNTY CLERK.—W. W. Kellogg, John B. Overton, N. K. Wright and Geo. Boyden.

ASSESSOR.—A. D. Halstead, H. Emmons and ———— Yule.

TREASURER.—S. J. Clark, W. S. Price, Wm. Richards, Wm. J. Bradford and J. W. Decker.

SHERIFF.—E. H. Pierce, Wm. Knowles, W. H. Kohler and John Lockwood.

There may be others who aspire to some of the positions, whose names are not mentioned; and there may be some whose names we have mentioned, who are not, and do not desire to be candidates. To all such we would say that we have heard their names used in connection with the positions, and have mentioned them as we have heard them named. From the names mentioned, the selections for the offices will probably be made.—A. A. in most of the offices.

THERE are 700 men employed on the Western Pacific Railroad. The road is expected to be completed in eighteen months.

## THE PRIMARIES.

In accordance with the call of the Union County Central Committee, the members of the Union party are to assemble in the several precincts on next Saturday, (the 8th) to select delegates to attend our County Convention to be held in this place on the 13th inst., (two weeks from to-day.) It is useless as things are managed now-a-days, to expect a fair expression of the will of the people by Convention, unless the proper precautions are used at the primary meetings. If a ticket should be nominated which is not entirely satisfactory to the party at large, let none complain, for the remedy is now in your own hands; and by a little exertion on next Saturday afternoon you can select delegates who will reflect your wishes. If you fail to do this, let not a man say the selections made by the Convention will not be supported by you, for it is now in your power to select whom you will.

There are a number of candidates for the respective county offices, and no doubt in every precinct in the county their names have been mentioned and their several qualifications fairly canvassed. If there is any name mentioned whose fitness for the position you doubt, whose honesty you question, or whose ability to fill the office is open to cavil, canvass the matter thoroughly in your own mind, speak it out at the primaries, and send such delegates to represent you in Convention as will truly reflect your wishes; if you select a good ticket, success in the election is certain; if a poor ticket is made by you, success becomes problematical. It is well to examine these matters before it is too late. Move therefore with caution, but when once convinced of the correctness of your views, then move altogether. We do not propose to enter into the justice of nominating by Convention. Usage has sanctioned the custom, and if a reform is ever needed, the remedy must be sought at another time. It is true that a few designing men may do a great deal towards controlling a Convention, yet they would almost as certainly control any other convention to select men for support at the ballot box. The system of Conventions is, however, when fairly conducted, the fairest exposition of the will of the people, but to make it fair, to make it honestly reflect the wish of the people, they must not let the primaries go by without expressing their will in selecting such delegates as will fairly and honorably reflect their wish.

When the Convention meets, it represents every Union man in the county. Its decision is binding in honor upon all of us. Its selection is ours, and must be supported; therefore see to it that no man or clique, or corrupt combination gets control of it. Let honest men be selected as delegates and make their election be dependent upon an attendance at the Convention. Let not any man, unless he be a resident of your own precinct represent you in Convention; but let each precinct have a representation in the person of some one, and not by a proxy who is not a resident of your precinct. By pursuing this course you will get the best expression of the will of the party in the county, and that when once expressed must be final, as far as this election goes.

Let the flying rumors which reach the ear from Tom, Dick and Harry about the danger of bolting be dismissed. We believe it to be a trick of the enemy, and which should be frowned down by every member of the party who is a Union man from principle. Of course there are those associated with us whose love for the party is only measured by their love of spoils and office. They, however, only form the debris, and their influence is limited. In this matter of nominations by the Convention, let the people express their wishes fairly in each precinct. Let the delegates selected by the precincts meet, and when they shall, after a fair survey of the whole ground, have selected a ticket, let that be binding on every honest Union man in the county. Of course fraud binds no party to a contract, but if the compact is fairly made let it be fulfilled to the letter.

"MUCH OVERHEARD."—A man writing from Walla Walla (W. T.), under date of June 14th, to a friend in Stockton, says that business is very dull, and the people not by any means remarkable for their intelligence. He speaks thus:

Come down to the real thing, this part of the country is very much overrated by the people of San Francisco and California generally. People can make more money in California and live like white folks; here we live like dogs.

THE STAGE ROBBERS.—The Virginia Union of June 29th says:

It is stated that Haines, one of the captured stage robbers, has turned State's evidence and exposed the whole affair to a certain extent, but is unwilling to expose some of the parties, as he says, they will kill him if he does. He says Low, who is in custody, and who was employed as porter at Wells, Fargo & Co.'s, Carson, had agreed to ascertain and tell the robbers when the treasure box was heavy, which he did on the night of question, and after the stage passed on, his accomplices mounted horses, and by cutting across the country headed the stage off and succeeded in capturing the treasure. Low received for his services \$800.

AS GOVERNOR, LOW has been the mere nonentity he was in Congress, simply floating with the current, and taking care of political friends. Seeing the Governor of the State, in reality he was simply the private instrument in the hands of stronger minds, the mere second to General McDowell, all allowing the civil law, which he was bound to support, to be set aside by a military jurisdiction within a State whose people were not only at peace among themselves, but with all mankind.—Express.

We suggest that Governor Low draw a check for about \$30, and forward to the Express, with the understanding that it remains as a standing compliment the balance of the season.

THE balance in the State Treasury at the commencement of business, June 26th, was \$639,795 90.

## LETTER FROM INDIAN VALLEY.

INDIAN VALLEY, June 26th, 1865. EDITOR UNION: On Friday last, (the 23rd) the ancient and honorable Masons had a grand time at Taylorville in this Valley. I saw what was to me a new feature—a number of them had red aprons. I had always, in my ignorance supposed white to be their color, but, as John says, "me no sabe." The address of Judge VanDecar was interesting to the Masons, but it was not of the style to prove of very great interest to outsiders; besides it was too long for such a hot day. It was however well received. In the evening, a splendid ball was given by the Masons at Mr. Taylor's House, at which the brave and fair hostess it until very near sunrise.

There were other mysteries on that day beside the esoteric arrangement of the Masonic brotherhood. I was introduced to seven different persons, who each informed me (on the sly) that under certain circumstances they might be prevailed upon to take nominations for different county offices, at the near approaching election, (which offices were designated by them.) Some seemed careless, others nervous, and from what I heard from these gentlemen during the day, and from their friends, became satisfied that we are about to have presented to us for our support, that worst of all political abominations,—a combination ticket. In other words that the game of you tickle me and I'll tickle you is about to be played upon the people of Plumas county, by their candidates and their backers.

Mr. Editor, I am but a plain man, and know practically but little of the intrigue and deception of political wire-pulling, but I think I understand the sentiment of the Union men in this vicinity, and I know that any means used by candidates to forestall public opinion will be frowned down, and if it is very plain will not meet with that success at the ballot box which Union nominations should. I hope that the several candidates will come before the Convention upon their own merits, and then let the delegates select the best men for the several positions, and not have our Convention prove a mere farce to make public what was privately concocted by a set of graceless politicians. Indian Valley has but few aspirants for position, but I think she is entitled to and will claim at least two of the offices. Still, this is only conjecture on my part.

I thought from the feeling exhibited by some of the candidates at Taylorville, on Friday last, that it would do them no harm to whisper a few words of caution in their ear, for in their desire to grasp the prize, they may overreach their wishes and fall on the other side, for the people who do the voting do not look with very pleasant eyes upon an office-seeker.

More, perhaps, next week.

PLAINDEALER.

STEAMSHIP FOUNDERED.—The Nicaragua Transit Company's steamship Golden Rule, founded on Roca Island on the morning of May 30th, on the way from Graytown to Aspinwall. The steamer went high on the rocks, bilged and became a total loss, together with most of the baggage of passengers. A boat was sent to Aspinwall and the United States steamer Georgia and Huntsville left, June 7th, to the relief of the passengers. No lives were lost. The passengers will arrive by the America, which left Panama two days before the Sacramento.

FOR THE INDIAN COUNTRY.—The Red Bull Independent of June 24th says:

Major Mollen arrived at this place the other day, on his way to assume command of the troops in Siskiyou and Shasta counties, being the "Military Sub-District of Siskiyou." The new fort to be established in the north end of Surprise Valley, on the ground indicated by Major Williamson will be known as Fort Bidwell. Major Mellen's headquarters will be, for the present in the saddle, as he informs us that he intends to make such a disposition of the troops that the whole country lying between Northern California and Owyhee will be completely cleared of the Indians the present season.

AN ENGLISH PACIFIC RAILROAD.—It appears that an English company is intent on constructing a railroad to the Pacific through British territory. A recent Montreal paper says:

Edmund Rice, President of the St. Paul and Pacific Railroad Company, has gone to England to further the interests of that road.—English capitalists, being interested in pushing it on to the Pacific, together with a telegraph line, through British America.

LIBERAL.—Yesterday, says the Express of the 27th ult., Creed Haymond, Esq., of Sierra county, made a donation of fifty dollars to the Northern District Agricultural Society, as a special premium for the most accomplished lady equestrian at the coming Fair. We take much pleasure in noting such an interest in the exercises of the Fair, which we are led to believe will be of a very interesting character.

WHO ARE THEY?—Did you ever know a man in your life, says the Yreka Journal, who was continually howling and yelling about negro equality, and competition with free labor, that did not either have half a dozen niggers around him, or else show a tender regard for the dusky beauties of the sunny South? Copperheads, send answer next week.

GOOD FEED.—In the small valleys near the summit of the Sierras there is said to be excellent pasture; the fresh grass is waving and the flowers springing up. Owing to the feed drying up on the other side of the mountains, the Virginia Enterprise says, stock men are driving their animals over to this side.

CHANGES.—It is rumored that the following changes are to be made on this coast: W. B. Farwell, Naval Officer, is to be succeeded by Noah Brooks; John T. McLean, Surveyor of the Port, to be succeeded by Thomas Shannon; Richard Cheney, Navy Agent, to be succeeded by A. J. Bryant.

ARRIVAL OF THE COLFAX PARTY AT VIRGINIA (NEV.).—Schuyler Colfax and party and Rumfield and Tracy, of the Overland Stage Company, arrived in Virginia City at seven o'clock on the morning of the 25th ult., only seventy-three hours running time from Salt Lake City, the fastest time ever made.

ARRIVED.—John Conness, Tom B. Shannon, and other distinguished Californians, arrived at San Francisco on the 26th of June by steamer Sacramento.

## LOCAL ITEMS.

**Hot.**—Yesterday (Friday) was the hottest day of the season. It was powerful warm.

**REMOVED.**—The Postoffice in this town has been removed to the building on the corner of Main st., opposite the Exchange Saloon.

**LAW OFFICE.**—E. H. VanDeer has removed his law office to the new building on the corner of Main and Harrison streets.

**NEW MILL.**—It is reported that Bidwell & Co. intend building a large twenty-four-stamp steam quartz mill, at Greenville, to work the quartz from the McClellan Ledge.

**RETURNED.**—Among the list of passengers, who arrived in San Francisco per steamer Sacramento, on the 26th ult., we notice the names of Dr. L. F. Cate and wife, and S. A. Bailou and wife.

**CONTRACT.**—We learn that the Cosmopolitan Company has made a contract with Messrs. Boller & Blood to furnish them with two thousand tons of ore from the Cosmopolitan (Northern) Copper Ledge.

**PRISONERS.**—Lee and Murphy, the two prisoners now confined in the County Jail, have petitioned the County Judge that a writ of habeas corpus be issued, and that they may have an examination before said Judge.

**JOINT CONVENTION.**—In the Joint Convention of Plumas and Lassen counties for the nomination of an Assemblyman, Plumas is entitled to ten, and Lassen to five delegates. The Convention will meet at Taylorville on Saturday, the 15th day of July.

**WELL PLEASED.**—A correspondent writing from Taylorville, says: "Bunches come in town looking gay and happy. Crops look fine in every respect. If Jack Frost does not come at the critical juncture, and with one sweep take it down, we will have large crops of all kinds."

**PERSONAL.**—John S. Ward, Federal Assessor for Lassen county, A. A. Smith, County Clerk of Lassen, and Capt. W. H. Kalligh, have been spending a few days the past week, in town. From their appearance, we should judge that the hand of sage brush agreed with them.

**APPOINTMENT.**—Under the July apportionment of the State School Fund, Plumas county is entitled to receive the sum of \$238 79, as follows: Pioneer School District, 104 children; Quincy, 126; Taylor, 148; Washington, 51; total, 429. The apportionment is 77 cents to each scholar.

**BILL STICKING.**—The most extensive bill sticking ever done in this section, was performed by Yankee Sanders, the Agent of "Paradise Lost," one day last week. He could not find a building large enough to suit his purpose, so he went to work and built up a bulletin board on his own look; and to tell the truth, the posters are quite an ornament to our town.

**FINE PICTURE.**—We would call the attention of our citizens to the fine pictures of Lincoln, Grant, Sherman and Sheridan, now for sale by Mr. G. F. Hood. These pictures are fine steel plate engravings, with gilt frames. The picture of Lincoln is said to be the best ever taken. Mr. Hood will commence canvassing this county the coming week, and we hope he will meet with good success among the liberal Union men of this county.

**MURDERED.**—A short time since, a man named Parker, who lived near the Antelope Ranch, in Long Valley, started from the Summit store, in this county, in company with a Mexican, to look after some of his stock in the Last Chance Valley. Since that time, nothing has been heard of Parker. His horse was found tied to a tree, where, from appearances, he had been left without food or water for some days. The Greaser was seen on his way to Honey Lake Valley, alone. Parker had considerable money with him, and the supposition is that the Greaser had killed and robbed him. A company of the citizens of Sierra Valley have been searching for him for two or three days, when our informant left there, and will continue the search until his body is found. There is no doubt, from the circumstances, but that Parker had been murdered and his body secreted.

**PARADISE LOST.**—The sublime poem of Milton has been placed on canvas by John Martin, and the exhibition is to be given at Quincy, on the evenings of the 5th and 6th of July, at Edwards' new hall. Our readers will bear us out, when we say that, as a general thing, we are chary of praise to the peripatetic institutions going round the country for the professed amusement of the people. But in the case of this panorama of the great Miltonian Allegory of the Creation, the Fall, the Rebellion in Heaven, &c., we depart from our usual course, and on the warm recommendations of several of our cotemporaries, we declare it to be "an instructive and beautiful panorama," we advise everybody to attend. The admission is one dollar, and if it conveys the one thousandth part of the grandeur as we imagine the poem, it will repay the visitor a thousand fold.

**RICH.**—The Amador Ledger says that a butterfly Sunday-school teacher in that region, informed a juvenile Bible class that the reason why the Jews placed a guard over the sepulchre was because they were "afraid Christ would play 'em!"

**DISTRICT FAIR IN YUBA.**—Citizens of Marysville have been canvassing that city for the purpose of raising the necessary funds to secure the holding of a District Fair. They have succeeded, and it will be held probably August 28th, continuing five days.

**ON SECRET ENEMIES.**—He that professes himself openly thine enemy arms thee against the evil he means thee; but he that is thy secret enemy strikes beyond caution and wounds above cure. From the first thou mayst deliver thyself; and from the last, good Lord deliver thee.

**CLIPPER GAP.**—The new town at the present terminus of the Pacific Railroad, presents a scene of building and business bustle which strongly reminds one of the era of town building and business of long ago. Saloons, stores, shops, stable and hotels are springing up as if by magic. (Stars and Stripes.)

**TO SCHOOL TRUSTEES.**—Trustees will bear in mind that the law requires them to appoint School Census Marshals on or before the first day of July, and file a copy of their certificates of appointment with the County Superintendent. The Marshals are required to send in their reports on or before the first day of August.

Gen. McDowell has ordered that all persons who have served in the rebel army and arrived within the limits of this department shall take the oath of allegiance before the nearest Provost Marshal.

**SAM. BOWLES.**—This gentleman is among the party coming with Schuyler Colfax. Sam is the publisher of the Springfield Republican—the best newspaper in New England.

**MAIL CONTRACT AWARDED.**—Pierce & Francis proprietors of the new Chico and Idaho Stage line, have been awarded the contract for carrying the mail from Chico to Ruby City, in Owyhee county, Idaho.

**SEALED PROPOSALS** will be received at Fort Crook to July 1st, (to-day) for supplying the post with fresh beef; and to July 20th for 450,000 pounds of barley and 700,000 pounds of baled hay.

### FLY KILLING LIQUID

FLY PAPER KILLS ITS THOUSANDS.—THE Liquid Fly-Killer kills tens of thousands! This preparation for killing flies gives the greatest satisfaction of anything ever used. It is now improved to the highest killing point. It is of such a nature and so speedy in its effects, that the flies will not spot the walls and windows, which makes the use of other preparations so objectionable.

## The Quincy Union.

A Western published a poem commencing—  
"Dearest, come kiss me, my lips are yet warm,  
And my blood still pulses from the clasp of thine  
arm;  
The blood dances wildly through each throbbing  
vein;  
But I drop—oh, I drop for thy kisses again!"  
To which a very "fresh" young gentleman  
promptly replied:

"Dearest, I'm sorry, I don't like a fish;  
My lips shall with kisses respond to thy wish;  
I'll check not the blood thrilling wild in each  
vein;  
But I'll stop thee from drooping for kisses again.  
Then turn up thy bill, love, I'll pounce like a  
bird,  
And there's a bird and there's a fish and there's a  
man!"  
If you suffer for kisses, I'm sure, "you may bet,"  
And I'll kiss thee from morning till the sun shall  
be set.

Come kiss me, why, I'm one of that  
kind;  
I'm the chap of all others you're trying to find;  
I've needs a kiss further—I'm in for the chance,  
The blood should "carrot" and your "pulse"  
it may dance.

So bring on your kisses, love—your kisses I mean,  
For I dream now of nothing but kisses and cream;  
I'm waiting, and panting, and praying till then;  
So come along, dearest, as quick as you can.

The worst lock-out—wedlock. Oh, you  
naughty bachelor!

leading article.

stand without a race.

rate. Red hair is the object.

of Confederate loan.

There are 4,000 newspapers in the United  
States.

The oldest lunatic on record—Time out  
of mind.

When you offer oats to a horse he may  
say neigh—but he don't mean it.

The winds sweep, the waves wash,  
the clouds weave, and the planets spin. A good  
housewife does all these.

The Nicaragua Senate has passed a bill to  
give 240 acres of good land to every white  
settler.

Grease, dull as they are, imitate men. Notice,  
that if one of the flock drinks, the rest follow.

Present to Mrs. Lincoln.—The family  
of the late John C. Rives have presented  
Mrs. Lincoln with one thousand dollars.

The first negro to hold office in New  
York is Mr. William Powell, who has been  
made Notary Public by Gov. Fenton.

General Patterson, of Philadelphia,  
and General Abernethy, United States  
Army, have recently bought farms in Talbot  
county, Maryland.

General Philip Kearney was the only  
American officer who was ever decorated  
with the Legion of Honor by the Emperor  
Louis Napoleon.

Marshall Bazaine has been recalled by  
the Minister of War from the command of  
the French troops in Mexico. He is to be  
succeeded by General Douay.

Gold in Utah.—The Salt Lake Vedette  
says that gold has been discovered in pay-  
ing quantities at Provo about forty or fifty  
miles south of Great Salt Lake City.

"How strange it is," said Pat, as he  
trudged along on foot one hot sultry day,  
"that a man never meets a team going the  
same way he is!"

Mr. Bielow, our new minister at Paris,  
was in luck the day he went to make his  
first official call on the Emperor—the news  
of Lee's surrender came in two hours before.

Young Blacklegs.—Four colored boys,  
under ten years of age, were arrested in San  
Francisco, the other day, for pilfering from  
a shop till. They were judiciously spanked  
and turned loose.

In Much Trouble.—The ship-owners of  
the British ports are greatly exercised for  
the safety of their commerce, in case Eng-  
land should be involved in a foreign war.  
They fear the Yankees will repay their  
treachery.

There is going to be a good deal of look-  
ing-glass consultation among the Western  
girls, for a \$1,000 dressing-case has been  
sent from London to the Chicago Fair, and  
it is to be voted to the prettiest girl in Chi-  
cago at \$1 a vote.

Henry Valgren, who was recently con-  
victed, in Oregon, of arson and murder, on  
separate indictments, was sentenced on one  
charge to be imprisoned for life, and the  
other, for ten years more. He is now 18  
years of age.

Professor Whitney, State Geologist, has  
accepted the appointment of Geologist to  
the State Board of Agriculture, and will  
contribute an article upon the "Physical  
Geography of the State" to their next an-  
nual report.

Captain Sam, lately elected Pitte chief,  
lately made a speech at Gold Hill, at the  
conclusion of which he proposed three cheers  
for President Johnson and "three groans for  
the old traitor Jo. Lane of Oregon." Cap-  
tain Sam evidently knows "ancient Gosh."

Hard Grain.—They don't live very well  
up in Washington Territory. Bread is so  
high that it gets stale before the people can  
reach it; the butter exhibits the strengthen-  
ing results of a long sea voyage and the beef  
is of the gutta serena whip lash quality  
which is so promiscuous of long dentist's bills.

Quick Work.—On Tuesday morning, says  
the Red Bluff Independent, a field of wheat,  
east of Red Bluff, was cut down and im-  
mediately thrashed. It was sacked and taken  
to the Antelope Mill by noon, and appeared  
as flour in the Red Bluff market at 5 o'clock  
in the evening.

Among the new fashions in New York at  
present is this: that no lady goes to the  
grave with a husband, child, or friend.  
Women are compelled to sit solitary in the  
house, while the gentlemen perform the  
rites of sepulture at the burial. Many in-  
stances of the heartless custom, but fashion is  
inexorable.

"Come here, my little man," said a gen-  
tleman to a youngster of four years of age,  
while sitting in the parlor, where a large  
company were assembled. "Do you know  
me?" "Yes, sir, I think I do." "Who am  
I, then?" "Let me know." "You are the man  
that kissed Jane last night in the parlor."

FLUID EXTRACT BUCHU

In all Diseases of the Urinary Organs, whether existing

from excess or from whatever cause originating, and no

matter of how long standing. It is pleasant in its taste and

odor, IMMEDIATE in action, and more strengthening than

any of the preparations of Bark or Iron.

Those suffering from Brain Drain or Delicate Consti-

tutions, procure the Remedy at once.

The Reader must be aware that however slight may be the

attack of the above diseases. It is certain to affect his Body,

Health, Mental Powers and Happiness. If no treatment is

submitted to, Consumption or Insanity may ensue.

All the above diseases require the aid of a diuretic.

HELMBOLD'S

FLUID EXTRACT BUCHU

Compound Fluid Extract Sarsaparilla,

For purifying the blood, removing all diseases arising from

excess and impurities in life, chronic constitutional dis-

eases arising from an impure state of the blood, and the

only reliable and effective chronic remedy for the cure of

Scurvy, Scald Head, Salt Rheum, Pains and Swelling of

the Bones, Ulcers of the Throat and Legs, Itchings,

Pimples on the face, Tetters, Erysipelas, and all scaly eruptions

of the skin and beautifying the complexion.

HELMBOLD'S

FLUID EXTRACT BUCHU

NOT A FEW

Of the worst disorders that afflict mankind arise from the

corruption that accumulates in the blood. Of all the disor-

ders that have been made to purge it out, none can

regain effect HELMBOLD'S COMPOUND EXTRACT

OF SARSAPARILLA. It cleanses and renovates the

blood, in the veins of the system, and purges

out the humors which make disease. It stimulates the

healthy functions of the body, and expels the disorders that

grow out of the blood. Such a remedy, that could

be relied on, has long been sought for, and now, for the

first time, the public have one on which they can depend.

It is a safe, reliable, and effective remedy, that will show the

effect, but the trial of a single bottle will show to the sick

that it has virtues surpassing anything they have ever

known.

Two tablespoonfuls of the Extract of Sarsaparilla added

to a pint of water, is equal to the Libon Diet Drink, and one

bottle is equal to a gallon of the Syrup of Sarsaparilla, or

the decoction as usually made.

The above Extracts are prepared on purely scientific prin-

ciples—in France—and embody the full strength of the in-

gredients entering into their composition. A ready and con-

clusive test will be the comparison of their properties with

those set forth in the U. S. Dispensary.

HOW TO USE THE REMEDIES.

In Diseases of the Blood, Humors on the Face, or any

every part of the body, use Extract Sarsaparilla, ap-

plying to Pimples and all external Humors or Eruptions the

Improved Rose Wash.

Use the Extract Buchu for all diseases requiring the aid

of a diuretic, except those of the Urinary Organs, such as

Gonorrhea and Gleet; in these use the Extract Buchu and

inject with the Improved Rose Wash.
